

Food hygiene

(Including procedure for reporting food poisoning)

Health and safety

Policy statement

At Beehive and Honeycomb nursery we provide and/or serve food for children on the following basis

- Snacks.
- Packed lunches.

We maintain the highest possible food hygiene standards with regard to the purchase, storage, preparation and serving of food.

We are registered as a food provider with the local authority Environmental Health Department.

Procedures

- All staff follow the guidelines of *Safer Food Better Business*.
- At least one person has an in-date Food Hygiene Certificate.
- The person responsible for the daily safety sweep carries out daily opening and closing checks on the kitchen to ensure standards are met consistently. (See *Safer Food Better Business*.)
- We use reliable suppliers for the food we purchase.
- Food is stored at correct temperatures and is checked to ensure it is in-date and not subject to contamination by pests, rodents or mould.
- Packed lunches are stored in a cool place; un-refrigerated food is served to children within 4 hours of preparation at home.
- Food preparation areas are cleaned before use as well as after use.
- There are separate facilities for hand-washing and for washing up.
- All surfaces are clean and non-porous.
- All utensils, crockery etc are clean and stored appropriately.
- Waste food is disposed of daily.
- Cleaning materials and other dangerous materials are stored out of children's reach.
- Children do not have unsupervised access to the kitchen.
- When children take part in cooking activities, they:
 - are supervised at all times;
 - understand the importance of hand washing and simple hygiene rules
 - are kept away from hot surfaces and hot water; and
 - do not have unsupervised access to electrical equipment such as blenders etc.

Reporting of food poisoning

- Food poisoning can occur for a number of reasons; not all cases of sickness or diarrhoea are as a result of food poisoning and not all cases of sickness or diarrhoea are reportable.
- Where children and/or adults have been diagnosed by a GP or hospital doctor to be suffering from food poisoning and where it seems possible that the source of the outbreak is within the setting, the manager will contact the Environmental Health Department and the Health Protection Agency, to report the outbreak and will comply with any investigation.

- If the food poisoning is identified as a notifiable disease under the Public Health (Infectious Diseases) Regulations 1988 the setting will report the matter to Ofsted.

This Policy was adopted at a meeting of Beehive and Honeycomb Nursery 17th June 2013
